2021 ANZAM Best Doctoral Dissertation Award

***Sponsored by Deakin Business School
Department of Management***

Application Form

ANZAM is delighted to offer the Best Doctoral Dissertation Award sponsored by Deakin Business School – Department of Management. The Award aims to recognise exceptional doctoral dissertation research in the field of Management undertaken by ANZAM Associate and Professional Members. The winner of the Award is chosen by a selection panel comprising three members of the ANZAM Board.

The Award consists of a cash prize for \$1,000, a certificate, and a chance to publish in the *Journal of Management & Organization* (subject to peer review and editor acceptance). It is normally announced and presented at an award ceremony at the ANZAM Conference; however, as the 2021 Conference will be held in a virtual format, the announcement will be made on the ANZAM website and via social media in December 2021. Applicants will be notified prior to this.

To be considered for this award, applicants must:

- Be a current Associate or Professional Member of ANZAM who has been awarded a doctoral degree from an Australian or New Zealand institution up to two years prior to the closing date and not previously submitted for this award, **OR** have been awarded a doctoral degree from an ANZAM Institutional Member up to two years prior to the closing date and not previously submitted for this award;
- Have completed a doctoral thesis in English or Māori within 4 years (full-time equivalent) (*if Māori, copies of the thesis summary and examiners' reports must be provided in English*); and
- Be willing to submit a paper on the topic of their doctoral research for the full ANZAM Conference in the year following application. In the case of an embargoed thesis, the applicant must supply a letter from their institution clearly stating what aspects of the thesis may be made available for assessment. The selection panel requires access to the full thesis and referee reports.

In assessing the strength of the applications, the selection panel will pay particular attention to the quality of the thesis as judged by the selection panel members and the external examiners, the quality of the thesis summary, and/or the acceptance/publication of papers arising from the thesis in scholarly journals.

The selection panel further reserves the right not to confer an award if the quality of the application/s is not deemed sufficiently high

Please Note:

Embargoed Theses

As embargoed theses come in multiple forms:

- It is the student's responsibility to seek advice from their University to clarify what can and cannot be released.
- In order for a thesis to be considered, the University must supply a letter clearly stating what aspects of the thesis may be made available for review by ANZAM.
- The Research Committee cannot make a determination unless they are able to assess the full thesis, consider referee reports, and subsequently provide feedback on why the winning thesis was awarded the prize.

Submitted vs Awarded

As a submitted thesis does not provide information on whether reviewer reports were obtained and whether the student has responded appropriately to any recommendations, theses must be awarded or conferred within the time limit to be eligible.
