We are thrilled to announce that a BAM Companionship Award has been presented to Professor Kerry Brown, ANZAM President. This award was presented by Professor Nic Beech, BAM President.

Congratulations Kerry!

Companions of BAM (CBAM) include:

- Leaders in the private, public, and third sector who have had a significant impact on management practices and thinking in their own organizations and/or beyond;
- Leaders of professional institutions and bodies, trade and business associations, and trades unions who have influenced management thinking and the conduct and activity of management in the UK and beyond;
- People who have played a significant institutional role in the leadership and development of scholarly associations advancing management knowledge – in related fields, in sibling management academies and equivalent beyond the UK, and within BAM itself;
- Thought leaders on management outside academia, including journalists, politicians and other public intellectuals.
