

PERFORMANCE MEASUREMENT ASSOCIATION OF AUSTRALASIA CONFERENCE 2021

DATES: 17-19 NOVEMBER 2021

VENUE: QUEENSTOWN, NZ

The Performance Measurement Association of Australasia and the Otago Business School present the 5th PMAA biennial conference, held at Queenstown, New Zealand this year. The conference will be run in a hybrid format, both online and face-to-face in Queenstown. This event aims to engage practitioners and academics in a joint dialogue, on performance measurement and management issues evident in the public, private and not-for-profit sectors.

This year's theme is "Performance Management in a post Covid-19 world".

Please refer to the full Call for Papers for further details.

PERFORMANCE MEASUREMENT ASSOCIATION OF AUSTRALASIA CONFERENCE 2021

Call for Papers

PMAA and the Otago Business School invite you to submit your papers, for presenting at this year's PMAA conference, held at Queenstown, New Zealand. **This year's theme focuses on**

- How can we rethink performance management and measurement in the Post- COVID-19 World?
- How has performance management changed amid the COVID-19 pandemic?
- Can performance management strategies be used as an anchor to build resilience in organisations amid the COVID-19 pandemic?
- What impact do performance management practices have on economic development and recovery after the COVID-19 pandemic?
- What can organisations do to improve social resilience in times of crisis?
- What is the role of global supply chains in building resilience?
- What are the readiness factors for organisations and supply networks to be capable of managing in pandemics and other crises?
- What are the best practices for restoring organisational capacity and restarting businesses after disruptions or complete shutdowns of operations?

Papers with a similar topic focus in the following areas are also welcome:

- Holistic Performance Management and Performance Measurement Networks
- Sustainability and Performance Measurement
- Design and/or Implementation of PMM Systems and Information Flows
- Performance Management and Human Resource Management
- Performance Alignment/Strategic Position Alignment/KPI's
- Strategic and Information Systems
- Performance Reporting and Disclosure
- Operations Management and Supply Chain Management
- Performance Dimensions/Organisational Structures/Accountability
- Performance Measurement in Design and/or Product Research & Development
- Disciplinary/Functional Perspectives on Performance

Submission Guidelines

- Submissions are welcome for papers, panel sessions and workshops.
- For paper submissions, either submit your full paper or a 1500 word abstract.
- Panel/Workshop proposal submissions should include all details on intended topic, length of session.
- Submissions are accepted from **1 June to 1 October, 2021**. Early submissions are welcome. These will be evaluated and a decision provided within two weeks of their receipt.
- **Registrations Details - TBC**
