19th ANZAM Operations, Supply Chain and Services Management Symposium
25 to 26 September 2022

Building Resilience in Operations & Supply Chains during Major Disruptions

The 19th ANZAM Operations, Supply Chain and Services Management Symposium is hosted by The Department of Management at Monash University. The Symposium theme for 2021 is Building Resilience in Operations & Supply Chains during Major Disruptions. Resilience in supply chains (SC) is as vital for organisations as immune systems are for human beings. Resilience capabilities enable recovery and adaptation when stakeholders in SC are exposed to and affected by disruptions and uncertain factors, ranging from natural disasters, geopolitical risks, pandemics, market changes, forecasting accuracy, to execution problems. All these factors have significant negative impacts on organisations' resilience.

Different from traditional operations strategies, profit motives are not paramount. Rather, the objectives are to provide efficient relief to disruptions and to utilise as many resources as possible. Thanks to advancements of digital technologies, e.g., the Internet of Things (IoT), Industry 4.0, Big Data analytics, Artificial Intelligence, there is a growing interest from both industry and academia in applying data-driven prescriptive models, empirical analysis, and business analytics to assist organisations in making reliable and resilient decisions. In order to build bridges between practice and theory, this Symposium aims to provide a platform for academics, industry partners, research students, and other practitioners to share novel empirical and modelling approaches for coping with SC disruptions.

Register Link: [TBC](#)

Time: 25 and 26, September, 2022

Venue: The Spot Building, The University of Melbourne,
198 Berkeley St, Carlton, VIC 3053, Australia

Co-chairs:

Dr. Xin Ma, Senior Lecturer, Department of Management
Monash Business School, Monash University

Email: Xin.Ma@monash.edu

Dr. Alka Nand, Lecturer, Department of Management
Monash Business School, Monash University

Email: Alka.Nand@monash.edu

Advisory Committee Members:

Dr. Ananya Bhattacharya (Monash University)

Prof. Amrik Sohal (Monash University)

Prof. Daniel Prajogo (Monash University)

Assoc. Prof. Lusheng Shao (The University of Melbourne)

Assoc. Prof. Dayna Simpson (Monash University)

Prof. Prakash Singh (The University of Melbourne)

Dr. Shiqing (Frank) Yao, (Monash University)

Dr. Yi (Paul) Zhou, (Monash University)

Guest Speakers:

(To be confirmed)

(To be confirmed)

(To be confirmed)

Registration

Full registration early bird fee (on or before 15 August)	AU\$350
Student registration early bird fee (on or before 15 August)	AU\$200
Full registration fee (after 15 August)	AU\$400
Student registration fee (after 15 August)	AU\$250
One-day rate	AU\$200

Key Dates

Full papers submission by	05 August 2022
Extended abstracts submission by	08 July 2022
Notification of acceptance	29 July 2022
Early bird registrations close	15 August 2022
Final registrations close	02 September 2022
Welcome reception	25 September 2022 (Sunday evening)
Symposium dinner	26 September 2022
ANZAM Symposium	25-26 September 2022

Call for Papers

We invite contributions addressing issues in the operations, supply chain, and services management disciplines. Papers addressing our theme of ***Building Resilience in Operations & Supply Chains during Major Disruptions*** are welcomed. We encourage submissions from all conceptual, analytical, and empirical perspectives. Papers are invited in, but not limited to, the following areas:

- Supply chain risk management
- Supply chain configurations
- Capacity planning
- Business analytics and data-driven operations / supply chain management
- Closed loop supply chain management
- Emerging topics in operations / supply chain management
- Empirical research in operations / supply chain management
- Health care operations / supply chain management
- Humanitarian operations and crisis management
- Innovation, product and service development
- Inventory management
- Lean and agile operations
- Logistics management and physical distribution
- Operations / supply chain management in emerging economies
- Operations / supply chain management in sharing economy
- Purchasing, procurement and strategic sourcing
- Quality management
- Service operations / supply chain management
- Social media analytics and Internet of Things
- Supply chain network design

Authors have the option to either submit a full paper for review (5000 words maximum), or preferably an extended abstract of 500-800 words. Review procedures will be coordinated by Dr. Xin Ma and Dr. Alka Nand. All submissions should be double spaced using a 12 point Times New Roman font structured under the following headings: Title, Introduction, Literature Review, Method, Findings, Contributions and Implications.

Please see below for further advice on submission.

Please email your submission to

- Dr. Ananya Bhattacharya (Ananya.Bhattacharya@monash.edu)
- Dr. Xin Ma (Xin.Ma@monash.edu)
- Dr. Alka Nand (Alka.Nand@monash.edu)

and please start your email subject line with “ANZAM OM Symposium 2022”.
