**ANNOUNCING - ANZAM 2022 Doctoral Student Workshop – registration opening soon**

This year, the 2022 ANZAM Doctoral Student Workshop will take place on **Mon 5 Dec** from 8am-5pm at the Griffith University Gold Coast campus.

This is the day before the annual ANZAM Conference on Tues 6 and Wed 7 Dec at the same location.

The Workshop is specifically designed to offer doctoral students opportunities to hear presentations from leading researchers and practitioners, receive expert guidance on their research work, and more.

As this year's Workshop theme is **CONNECTION | COLLEGIALLY | COLLABORATION** there will also be numerous opportunities to connect with peers and academics informally and in Workshop sessions.

Registration for the Doctoral Student Workshop will open very soon. **The Workshop will be face-to-face only.** MPhil, Hons and coursework Masters students undertaking significant research projects are also welcome to attend.

*Once registration opens, attendance will be on a 'first in' basis. Numbers will be capped.*

You will need to pay a **modest registration fee** to attend the Workshop. This is to **cover catering and administration costs** and establish your commitment to attending. Unfortunately, experience shows when the Workshop has been offered free of charge, a percentage of registrants have failed to attend – places that could have gone to others.

## FEES

We will be offering different price points for the Workshop. You may have access to student funds to cover or help cover your fees.

The 2022 fees are:

**ANZAM Associate members \$AUD80.00**

**Associate members already registered to attend the ANZAM Conference \$AUD50.00**

**- Call for expressions of Interest for Panel Chairs -**

Dear Council and BARDeNet Members,

As announced at the July meeting of the ABDC and BARDeNet, a partial review of the ABDC Journal Quality List (JQL) will open for submissions in September.

As with previous reviews, the expertise of Panel Chairs will play a central role in finalising the review recommendations.

To that end, today we are opening a call for expressions of interest for Panel Chairs to assist in the current JQL review.

Working closely with the ABDC JQL Steering Group – coordinated by the Chair of BARDeNet – Panel Chairs will be informed by globally recognised and externally validated journal ranking lists, appropriate and select citation metrics and, if required, expert peer review in undertaking a review of the ABDC JQL in four areas only:

- inclusion of new relevant journals;
- exclusion of non-relevant journals;
- exclusion of likely predatory or overly aggressive journals;
- journal name changes.

The ABDC is seeking expressions of interest from suitably qualified and experienced individuals to be Panel Chairs for the 2022 review. High regard will be placed on those who possess multidisciplinary and cross-disciplinary expertise. Panel Chairs will be appointed in the following research areas:

- Accounting
- Business and taxation law
- Economics
- Finance including Actuarial Studies
- Information systems
- Management; Commercial services; Transport and logistics
- Marketing and tourism

The reviewed ABDC Journal Quality List is expected to be released in December 2022, so Panel Chairs must be prepared to commit their time in September, October, and November, to review submissions and make recommendations to the ABDC JQL Steering Group across the four areas that the review covers.

In the appointment of Panel Chairs, **the ABDC is committed to achieving a representative balance** in the areas of gender, institutional affiliation, and the inclusion of Australian and New Zealand experts. Nominations from people of Aboriginal or Torres Strait Islander origin are particularly encouraged. Note that applicants are required to have a formal institutional affiliation with an Australian or New Zealand university.

Expressions of interest must be submitted via the online form: <https://australianbusinessdeanscouncil.wufoo.com/forms/zql5whi0odatd5/>. Applications close on **22 August 2022** at 11.59pm AEST. Please feel free to circulate this email to colleagues who may be interested in applying.

The ABDC will treat information contained in each nomination as strictly confidential.

For further information on the nomination process, please contact the BARDeNet Chair, Professor Robert Faff [rfaff@bond.edu.au](mailto:rfaff@bond.edu.au)

Regards,  
Keryn

## Building Resilience in Operations & Supply Chains during Major Disruptions

The 19th ANZAM Operations, Supply Chain and Services Management Symposium is hosted by The Department of Management at Monash University. The Symposium theme for 2021 is Building Resilience in Operations & Supply Chains during Major Disruptions. Resilience in supply chains (SC) is as vital for organisations as immune systems are for human beings. Resilience capabilities enable recovery and adaptation when stakeholders in SC are exposed to and affected by disruptions and uncertain factors, ranging from natural disasters, geopolitical risks, pandemics, market changes, forecasting accuracy, to execution problems. All these factors have significant negative impacts on organisations' resilience.
