Some feedback received from 2022 Doctoral Workshop participants....

"I was so happy with the (Research Notes) process and getting the opportunity to have time with two amazing academics. Their input is so vital in learning our trade."

"Information-packed day, full of practical and relevant tips and hints while having an opportunity to network with senior academics as well as fellow HDRs. Unbeatable experience!"

"The connections I have formed have been invaluable, both socially and professionally."

"The 2022 Doctoral Workshop was a fantastic opportunity to learn from some of the leaders in the management field. Each workshop was specifically designed to meet the needs of PhD students and early researchers and provide food for thought and ideas. It was also a fantastic opportunity to meet with other PhD students from across the world (the international participation was excellent)."
