

February 2026 Newsletter

Journal of Management & Organization

Hello,

Welcome to the February newsletter of the Journal of Management & Organization. We are a quartile 1 Scopus indexed journal indicating that we are in the highest quality quartile with our journal being published by Cambridge University Press in partnership with the Australian and New Zealand Academy of Management (ANZAM).

We have good news that the journal has been recommended in the draft Australian Business Dean's Council (ABDC) journal ranking list to be upgraded to a "A". This reflects the high quality of articles published in the journal and the high standing of management research in the academic community. We thank everyone with their help in this endeavour including the many people who kindly wrote letters in support of the upgrade. This is really important to the journal and ANZAM as the ABDC journal list is used by many around the world when ranking journals.

See: <https://abdc.edu.au/abdc-journal-quality-list/>

With best regards,

Vanessa Ratten, Editor in Chief, Journal of Management and Organization
